

# Re.engineer in Action Mentoring Program

## Rason Irvin

### Family/Hobbies/Interest/Motto:

Traveling, hiking, problem solving. Fun fact: in my first semester at Southern University, I made it to the final round of the largest HBCU pitch competition, Biztech Challenge, and placed second. My motto is, of course, “hakuna matata”. From the classic Disney movie, The Lion King.

### Current Role:

Software Engineering Intern at Uber Technologies Inc.

### Professional/Educational Background:

- 4 years of computer science/programming experience
- Rising Computer Science Sophomore at Southern University A&M

### Years of Experience:

- N/A

### Work Passions:

Learn, Learn, Learn

Continuous improvement through impactful projects during my intern tenures

### Career Aspirations:

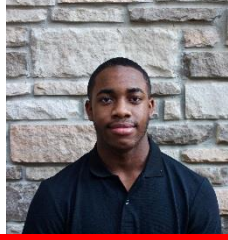

Chief Technology Officer of a major corporation or become a successful entrepreneur

# Rason Irvin

**Role:** Software Engineering Intern

**Education:** BS Computer Science

**Location:** Houston, TX

## CURRENT EXPERIENCE:

- Responsible for a multi-million dollar cost saving project for the Uber Eats Courier Pricing Team in order to reduce unfulfillment cost
- Developed an innovative business model for a magnetic piston engine to be awarded second place at the Bayou Classic Biztech Challenge
- Leading an over 100+ member student organization as President (Association of Computer Machinery)

## WORK EXPERIENCE:

- Uber Software Engineering Inter May 2020 – Present
