

Re.engineer in Action Mentoring Program

Roger Tetrault Jr.

Family/Hobbies/Interest/Motto:

I enjoy spending time with my beautiful family, sports with my 7 year old son, keeping up with my 11 month old daughter and building classic cars. I am very passionate about helping others reach their potential and discover new strengths. The only limits in life are the ones we impose upon ourselves.

Current Role:

Sr. I&E Maintenance and Reliability Technologists

Professional/Educational Background:

- Multiple NCCER certifications including project management and NCCER instructor
- Associates in Instrumentation Technology at Brazosport College
- Brazosport College Instrumentation Advisory Committee
- Brazos Section ISA Program Chair
- Founder of I/E&A Network of Brazoria County

Years of Experience:

- 15 years in Electronics, Instrumentation and Electrical repair and maintenance

Work Passions:

- Improving I&E reliability
- Streamlining work processes
- Mentoring junior level professionals

Career Aspirations:

Develop training programs that maintain the proper level of education needed for I&E professionals to be successful.
